Beta Edition — Everything you need to start selling on fairflow

## WELCOME TO FAIRFLOW BETA

Welcome to fairflow. This manual walks you through everything you need to run your merchant account — from signing up to receiving your first payout.

fairflow helps South African merchants sell online, manage orders, and get paid simply and quickly through a single dashboard.

As a beta merchant, your feedback shapes the product. If anything does not work as expected, please let us know at hello@fairflow.co.za

1 Register & Login

2 Products

3 Orders

4 Analytics

5 KYC & Payouts

6 My Account

## QUICK LINKS

| | |
|---|---|
| Register as a merchant | **fairflow.co.za/merchant/register** |
| Log into your portal | **fairflow.co.za/merchant/login** |
| Your dashboard | **fairflow.co.za/dashboard/merchant** |
| Support | **hello@fairflow.co.za** |

**BETA RELEASE v1.0**

March 2026 | fairflow.co.za

## 1. CREATE YOUR ACCOUNT

1. **Open the registration page**
   Navigate to: fairflow.co.za/merchant/register
2. **Choose sign-up method**
   Click "Sign in with Google" for fastest setup, or use email + password
3. **Enter your business name**
   Your trading name — this is what customers see
4. **Set a strong password**
   Minimum 8 characters if using email signup
5. **Click Register**
   Submit — you land on your merchant dashboard immediately

**YOU ARE IN WHEN:**

> You see your dashboard with tabs: Products, Orders, Analytics, KYC & Payouts, My Account

## 2. LOGGING BACK IN

1. **Go to the login page**
   fairflow.co.za/merchant/login — bookmark this
2. **Sign in**
   Use Google or email — whichever you chose when registering
3. **You are in**
   Your portal opens at fairflow.co.za/dashboard/merchant

**NOTE:** Your session stays active for 7 days — you will not need to log in every day.

### YOUR PORTAL TABS AT A GLANCE

| Products | Orders | Analytics | KYC & Payouts | My Account |
|---|---|---|---|---|
| Add, edit, manage all your products | See and fulfil customer orders | Views, clicks, and purchase data | Verify identity and track payments | Update your business info |

## 3. ADDING A PRODUCT

1. **Click the Products tab**
   Find Products in your portal navigation
2. **Click + Create Product**
   Press the lime green Create Product button
3. **Enter product title**
   e.g. "Handmade Leather Wallet" — be clear and descriptive
4. **Set the price**
   Enter amount in Rands — e.g. 250 for R250.00
5. **Set stock quantity**
   How many units do you have available right now?
6. **Choose a category**
   Pick the category that best fits your product
7. **Add an image URL**
   Paste a link to a photo of your product
8. **Add a description**
   Describe materials, size, what makes it special
9. **Click Create**
   Product appears in your list — shareable link generated instantly

**AFTER CREATING:**

> Product appears in your Products list immediately
> A shareable product link is generated — copy and share with customers

## 4. EDITING A PRODUCT

1. **Find the product**
   In your Products list, locate the product
2. **Click Edit**
   Press the Edit button on that product row
3. **Update details**
   Change price, stock, description or image as needed
4. **Save changes**
   Click Save — changes are live immediately

## 5. REMOVING A PRODUCT

1. **Find the product**
   Locate it in your Products list
2. **Click Delete**
   Press Delete on the product row
3. **Confirm**
   Confirm when prompted — cannot be undone
4. **Done**
   The product link will no longer work

**TIP:** Update stock whenever you sell outside fairflow — zero stock hides the Buy button.

## SHARING YOUR PRODUCT LINK

| WhatsApp | Instagram | Facebook | Email |
|---|---|---|---|
| Paste the link into any chat or group | Add to your bio or story highlights | Post in your page or marketplace groups | Include in emails to customers or leads |

## 6. MANAGING YOUR ORDERS

1. **Click the Orders tab**
   Open Orders from your portal navigation
2. **View incoming orders**
   Each row shows: customer, product, amount, date, status
3. **Click an order**
   See full details including delivery address
4. **Prepare the order**
   Pack the product and arrange delivery or collection
5. **Mark as fulfilled**
   Once delivered, click Mark Fulfilled to update the status
6. **Upload proof (optional)**
   Upload a delivery slip or photo for your records

### ORDER STATUS MEANINGS

| | |
|---|---|
| **Pending** | Payment received — pack and ship this order |
| **Fulfilled** | You have marked this order as delivered |

**TIP:** Fulfil orders quickly — fast delivery builds trust and repeat customers.

## 7. YOUR ANALYTICS DASHBOARD

See how your products are performing — views, clicks, and purchases over time.

| Product Views | Link Clicks | Purchases |
|---|---|---|
| How many times your product page was opened | How many people clicked your product link | Total completed purchases through fairflow |

1. **Click the Analytics tab**
   Open Analytics from your portal navigation
2. **Choose a date range**
   Today, this week, this month, or custom
3. **Read the charts**
   Higher bars mean more activity on that day
4. **Find your top products**
   See which products get the most views and sales
5. **Use insights to improve**
   Low views? Share more. High views, low buys? Review your price.

**TIP:** Check analytics weekly — it shows what is working and where to focus.

## 8. KYC VERIFICATION — UNLOCK YOUR PAYOUTS

1. **Click KYC & Payouts tab**
   Open the KYC & Payouts tab in your merchant portal
2. **Enter your full name**
   Legal name as it appears on your ID
3. **Enter your SA ID number**
   Your 13-digit South African ID number
4. **Date of birth**
   Format: YYYY-MM-DD  e.g. 1990-05-15
5. **Phone number**
   Mobile number  e.g. 0821234567
6. **Your address**
   Residential or business address
7. **Banking details**
   Bank name, account number, and type (Cheque or Savings)
8. **Click Submit KYC**
   Status changes to Pending Review
9. **Wait for approval email**
   The team reviews within 1-2 business days — check inbox and spam

**KYC STATUS FLOW**

**NOTE:** You will receive an email when your KYC is approved — check spam if you do not see it.

## 9. VIEWING YOUR PAYOUTS

1. **Open KYC & Payouts**
   Click the KYC & Payouts tab
2. **Scroll to Payout History**
   Below the KYC form, find your payout history
3. **Read the records**
   Each row: amount, date, and status
4. **Released = paid to your bank**
   Released means payment sent to your account

## 10. MY ACCOUNT

1. **Click My Account tab**
   Find My Account in your portal navigation
2. **Update business name**
   Edit your trading name if it has changed
3. **Update phone or address**
   Keep your contact information current
4. **Click Save Changes**
   Changes are applied immediately

**NEED HELP?**

If anything looks wrong or does not work, please let us know.
This is a beta — your feedback makes fairflow better for everyone.

**Email: hello@fairflow.co.za**
**Portal: fairflow.co.za/merchant/login**
**Site: fairflow.co.za**

**Thank you for being a fairflow beta merchant.**

Your experience shapes what fairflow becomes.  — The fairflow team
